Keep Hope Alive

First Presbyterian Church
72 Kensington Road
San Anselmo, CA 94960 USA

For a fuller description see
www.JAI-PAL.org

*Ever had a
hankering?*

A hankering is more than a desire.
It's from a Flemish word meaning
a deep inner urge, a longing.

Ever had a **deep inner urge** to visit the
Holy Land?

Ever had a **strong desire** to know the
real **facts on the ground?**

Ever had a **longing** to be a
peacemaker?

KHA! KEEP HOPE ALIVE!

KHA is a peacemaking mission project. Initiated in 2008 by three Northern California presbyteries. Since then others have joined this collaboration with our historic Holy Land mission partners in a joint advocacy program to further education, hope, justice and peace in Palestine and Israel.

***YMCA of East Jerusalem
YWCA of Palestine***

We send groups to Israel/Palestine two times a year:

- In February to plant olive trees
- In October to harvest olives

THEY NEED OUR HELP

The Palestinian women, children and men are committed to rebuilding their society and structure without the use of violence.

Since 2000, the olive harvest has been severely hampered by repressive Israeli policies, such as roadblocks, street closures, confiscation of agricultural lands for “security reasons”, as well as allowing repeated attacks and harassment by Israeli settlers. Construction of the Apartheid Wall has cut wide swathes through family farms and orchards where the farmers have lived for generations, and many no longer have access to their trees.

Since 2000, thousands of acres of rich farmland have been destroyed and more than 500,000 olive trees have been uprooted in the Palestinian Territories by the Israeli Army. This destructive practice continues to this day as a direct result of the expansion of Israeli settlements and the illegal Occupation of the West Bank by Israeli forces.

Our presence gives them hope and will keep that hope alive.

An olive tree
can live for more
than a thousand years...

Come plant and harvest

a thousand years of PEACE!
